FUND PUBLICATION

AUGUST 2025

R29 BILLION!!!

**Your Fund's performance continues to increase.
The total value has now reached an impressive 29 billion.**

GROWING YOUR SAVINGS POT

Members are allowed to withdraw from their Two-Pot Savings **ONCE PER TAX YEAR**. You are not obligated to withdraw every year, only withdraw when you have a need. Your savings pot continues to grow with interest as you contribute monthly. Remember your retirement savings should sustain you long after retirement. Do not deplete your savings, consider the end goal.

RETIREMENT AT 65? NOT NOW FOR KZNMPF

The recently announced changes to the retirement age do not impact your Fund. Your retirement age is based on your contract of employment and the local government conditions of service. The changes are currently impacting only the national and provincial government employees. You will be notified by your employer should the Collective Bargaining Council adopt these changes.

Your retirement age currently remains unchanged!
