

# FUND PUBLICATION

**MARCH 2026**

## Two-Pot Withdrawals Update

Members are reminded that Two-Pot withdrawal applications are open from **1 March to 28 February** each financial year. Only the **Savings Pot** is accessible and may be **used strictly for genuine financial emergencies**. The **Retirement Pot** remains preserved and can only be accessed at retirement.

Members are urged to avoid unnecessary or frequent withdrawals, as this may reduce retirement benefits in the long term. Please carefully consider your financial needs and the future impact before submitting a claim.

To **check your Two-Pot** balance, **WhatsApp 0860 004 4000**. Save the number, send "Hi", and follow the prompts. Have your **ID number and Service number** ready.

**Note Well:** Additional services are available on the WhatsApp menu for your convenience.

### Key Reminders

- You must have **money available in the savings pot to withdraw**.
- Minimum withdrawal amount is **R2,000**.
- Withdrawals are **taxed as income**.

## Importance of Updating Beneficiaries

Members are reminded to regularly review and update their beneficiary details. Keeping your beneficiaries up to date helps ensure that your benefits are paid correctly and timeously to the right people, and helps avoid delays or disputes for your loved ones.

If your personal circumstances have changed (such as marriage, divorce, or the birth of a child), please update your beneficiary information as soon as possible.

👉 **Remember to check with your Human Capital Office - if there are any updates fill in the form at submit to your Human Capital and the Fund Front Office.**
